

Tableau Visualizations

QUESTION 1

Task 1: Category Performance Analysis

Business Need: Management wants to know which product categories generate the highest revenue.

Task: Create a visualization to compare total Sales by Category and identify the top-performing category.

ANSWER

QUESTION 2

Task 2: Sales Trend Analysis

Business Need:

The leadership team wants to understand how sales fluctuate over time to plan promotions and inventory.

Task:

Analyze Sales trends over time (monthly) to identify peak and slow periods.

ANSWER

QUESTION 3

Task 3: Regional Contribution Analysis

Business Need:

The regional managers want clarity on how much each region contributes to overall sales.

Task:

Visualize Region-wise Sales contribution and identify the highest contributing region.

ANSWER

QUESTION 4

Task 4: Profitability Investigation

Business Need:

The finance team suspects that some high-sales orders may be reducing overall profit

Task:

Analyze the relationship between Sales and Profit to identify loss-making or low-profit orders.

ANSWER

QUESTION 5

Task 5: Business Growth Evaluation

Business Need:

Senior management wants to assess whether the business is growing consistently.

Task:

Visualize cumulative Sales growth over time to evaluate overall performance.

ANSWER

QUESTION 6

Task 6: Category vs Region Performance

Business Need:

Operations wants to know which regions perform well for each product category

ANSWER

Task:

Compare Category-wise Sales across Regions to identify strong and weak market areas.

QUESTION 7

Task 7: Product Prioritization

Business Need:

The product team wants to focus on products that create maximum business impact.

Task:

Perform a multi-dimensional analysis using Sales, Profit, and Quantity to identify priority products.

ANSWER

QUESTION 8

Task 8: Executive Dashboard Creation

Business Need:

The CEO wants a single view dashboard that summarizes key insights.

Task:

Create an interactive dashboard combining at least three visualizations and apply filters such as Region or Category.

I HAVE A TABLEAU PUBLIC SO THAT ALL THINGS NOT CREATE INTO A DASHBOARD

ANSWER

QUESTION 9	Chart Selection Justification Explain why different charts were used for different business questions in this analysis		
ANSWER	1. Sales Trend Analysis → Line Chart		
	Why Line Chart?		Management wanted to see:
	Best for time-based data		Peak vs slow periods
	Shows trend, growth, seasonality		
	2. Profitability Investigation → Scatter Plot		
	Shows relationship between two measures (Sales vs Profit)		Finance wanted to find:
	Identifies outliers and problem points		High sales but low profit orders
	3. Category vs Region → Heat Map		
	Why Heat Map?		Operations wanted:
	Ideal for comparing two categorical variables		Region-wise performance per category
Uses color to show intensity			
4. Product Prioritization → Scatter Plot + Size Encoding			
Why This Chart?			
Combines 3 variables:			
X → Sales			
Y → Profit			
Size → Quantity			
5. Top Products → Bar Chart		Business Fit:	
Why Bar Chart?		Identify top/bottom performers quickly	

		Best for comparison across categories						
		Easy to rank and sort						
		6. Cumulative Growth → Running Total Line Chart			Business Fit:			
		Why Running Total Line?			CEO wanted:			
		Shows overall growth, not just fluctuations			Consistent growth visibility			

QUESTION 10		Q10. Business Insight Summary						
		Summarize two key insights from your dashboard and explain how they can help management make better decisions.						
ANSWER		INSIGHT NO 1 The Sales vs Profit scatter plot shows several products/orders with High Sales But low or negative Profit						
		INSIGHT NO 2 : Uneven Performance Across Regions & Categories						
		Some regions perform very well for certain categories						
		Others show weak or low sales						
		Regional demand differences						
		Possible gaps in marketing or distribution						
		a need to optimize pricing and cost strategies. Additionally, sales performance varies						
		regions and categories, highlighting opportunities for targeted marketing and regional expansion. These
